* Based on data reported to the KCDC

* Figures subject to correction based on findings from epidemiological investigations

* The current state* of major local clusters as of today (as of 12:00, 26 July) are as follows:

- Related to the Gangseo Central Day Care Center in Gangseo-gu, Seoul City, 1 additional case (facility user) was confirmed. In total, 25* cases have been confirmed.

- Related to the Gwanak-gu Office, 1 additional case (family member) was confirmed. In total, 37* cases have been confirmed.

- Related to the Personal Information Protection Commission at Seoul Government Complex Building in Jongno-gu, 17 are being isolated and including them, 57 are all being tested.

- Related to Russian Vessel (PETR 1) anchored at Shinseong harbor, Busan City, with 1 additional repairman got confirmed, raising the number of the regional accumulated confirmed cases to 9.

- As of 0:00, 26 July, there were 46 imported cases, of which, 42 were confirmed at the point of entry, and 4 were confirmed in the community while in mandatory self-quarantine after arrival. The 46 cases consisted of 43 Korean nationals and 3 foreign nationals.

- The (presumed) location of infection acquisition of the 46 new imported cases are: Americas (4) (US 4) and Asia excluding China (42) (Iraq 38, Russia 2, India 1, Hong Kong 1).
