* Based on case data reported to the KDCA
** Testing in progress includes number of completed tests with negative results that are being recorded with delays
※ Figures subject to correction based on findings from epidemiological investigations

Major local clusters as of 12:00 today (29 August):
* The specific figures below may differ from the daily reported statistics or figures disclosed by local municipalities due to factors such as report timing and differences in the time period considered

- Related to Sarang Jeil Church in Seongbuk-gu, Seoul City, 40 additional cases were confirmed from contact investigation. In total, 1,018 cases have been confirmed.
  - 951 cases total in capital area (Seoul, Incheon, and Gyeonggi)
  - 67 cases total in other areas (Busan, Daegu, Daejeon, Gangwon, Chungbuk, Chungnam, Jeonbuk, Gyeongbuk, Gyeongnam)
  - To date, 154 confirmed cases of further transmissions from Sarang Jeil Church have been found related to 25 venues. Investigation is underway.

- Related to August 15 Seoul rallies, 13 additional cases were confirmed from investigation. In total, 307 cases have been confirmed.
  - Rally related (135), further transmissions (101), police (7), under investigation (64)
  - Including only cases with no known relation to Sarang Jeil Church according to basic investigation; may change with new findings in further investigation
  - 186 cases total in capital area (Seoul, Incheon, and Gyeonggi)
  - 121 cases total in other areas (Busan, Daegu, Gwangju, Daejeon, Ulsan, Gangwon, Chungbuk, Chungnam, Gyeongbuk, Gyeongnam)
  - To date, 62 confirmed cases of further transmissions from August 15 rallies have been found related to 6 venues. Investigation is underway.

- Related to Muhan Group in Gwanak-gu, Seoul City, 6 additional cases were confirmed from contact investigation including 3 in Suncheon-si, Jeonnam Province. In total, 72 cases have been confirmed.

- Related to an apartment complex in Guro-gu and a livestock company in Geumcheon-gu, Seoul City, 1 additional case was confirmed from contact investigation. In total, 34 cases have been confirmed. Further investigation is underway.
  - Index case (1), index case’s family (2), workplace contacts (23), index case’s apartment complex (8)

- Related to In The Light Church in Nowon-gu, Seoul City, 3 additional cases were confirmed from contact investigation. In total, 20 cases have been confirmed.
  - Church members (8), further transmissions (family, friends, etc) (12)

- Related to True Love Nursing Home, first case was confirmed on 27 August and 17 additional cases were confirmed from contact investigation. In total, 18 cases have been confirmed. Further investigation on route of transmission and contact investigation is underway.
  - Staff (5), users (13)

- Severe/critical cases and deaths:
  - Total 321 deaths (cumulative), among which 312 (97.2%) had underlying medical conditions such as hypertension and diabetes.
    - 16 deaths in the last weeks (15 – 28 August), of which 3 were aged 90 or above, 7 were aged 80-89, 5 were aged 70-79, 1 was aged 60-69. 14 of them had underlying medical conditions.

- Case fatality rate:
  - 21.12% for those aged 80+
  - 6.70% for ages 70-79
  - 1.48% for ages 60-69
○ 64 severe/critical cases as of today
- 54 (84.4%) are aged 60 or above
- 7 (11%) are aged 50-59
- 3 (4.7%) are aged 40-49
- 39 with underlying medical conditions as of today.

○ KCDC has supplied remdesivir, specially imported for COVID-19 treatment, to 155 patients thus far.

○ Since elderly people aged 60 or above are more likely to develop severe symptoms if infected with COVID-19, KCDC advises the elderly to stay home as much as possible and wear a facemask at all times when leaving home and get tested as soon as possible if they notice any symptoms related to COVID-19 such as fever, cough, sore throat, and muscle pain.

☐ Imported cases as of 00:00, 29 August:
- 15 new imported cases
  - 5 were confirmed at the point of entry and 10 were confirmed in the community while in mandatory self-quarantine after arrival
  - 7 Korean nationals and 8 foreign nationals

○ Infection acquisition location (presumed):
  - Asia excluding China: India 3, Bangladesh 2, Philippines 2, Indonesia 1, United Arab Emirates 1
  - Americas: US 5
  - Africa: Egypt 1

☐ KCDC thanked 1,420 volunteers who recovered from COVID-19 for donating their plasma.

☐ As the transmission of COVID-19 is ongoing around Seoul, Incheon and Gyeonggi province, KCDC announced to apply enhanced social distancing measures for high-risk facilities from 30 August to 6 September along with Social Distancing Level 2 which has been already extended to the whole nation effective 24 August.

○ To stop the transmission, following measure will be applied to restaurants, cafes, and indoor fitness centers.
  - Restaurants, pubs, bars, snack bars, bakeries: only takeaway and deliveries are allowed from 21:00pm to 5:00am next day. No dine-in is allowed.
  - Cafes: for franchised coffee shops, only takeaway and deliveries are allowed regardless of business hours. No dine-in is allowed. For non-franchised cafes, only takeaway and deliveries are allowed from 21:00pm to 5:00am next day. During normal business hours, dine-in is allowed. This also applies for bakeries that also sells drinks.
  - Indoor fitness centers: gathering ban is applied to indoor gym, billiard hall, screen golf facility, and badminton court.

Public Guidance for Level 2 Social Distancing

1. Do not go to work if feeling sick
   - Call KCDC call center by dialing 1339 or contact local public health center or screening clinic
2. Postpone or cancel non-essential outings, social gatherings, events, or travel
   - Essential travel includes getting medical care, buying necessities, or to going to work
3. At restaurants or cafes, order takeout rather than dining in
   - Home training or outdoor exercising is recommended in place of going to gyms
4. For social activities, utilize PC or smartphones to have online meetings
5. Use online shopping over physical stores
6. If going out, wear mask and follow infection prevention guidelines
   - Do not visit crowded, confined, or close-contact places with poor ventilation
   - Wear mask indoors as well as outdoors whenever 2m distancing can’t be maintained
   - Ensure mask covers mouth and nose completely and do not touch mask
   - Keep mask on except to drink or eat
   - Maintain physical distance from other people (2m recommended, 1m minimum)
   - No droplet-producing activities such as shouting, singing out loud, or chanting
   - No physical contact with others such as handshakes or hugs
